

CERTIFIED INTERNATIONAL BUSINESS LAW ANALYST [CIBLA]

CREATING BETTER PROFESSIONALS

In this era international business dealings induced by globalization and technology advances have become a daily routine. Thus, awareness of the multi-jurisdictional legal framework underlying cross-border transactions is not just helpful but, indispensable.

Objectives

The Certified International Business Law Analyst deals with various legal issues and concerns that a business can face. As businesses are going global, it is essential for managers and officers to be highly knowledgeable about various legal issues that a business could face and address them accordingly. The course is intended to create awareness about legal aspects that are highly beneficial for managers, lawyers and other advisors who aim to service business operating globally.

Who should attend the course?

The course is structured to encourage the participation of a wide audience, ranging from law students, university graduates who are specialized in law or other similar disciplines and consider choosing careers having an international element and professionals already involved in the pursuit of international business in different roles (chartered accountants, company secretaries, CEOs, etc.).

Additional Benefits of the programme

1. Learn practical aspects of the International Business Law.
2. Become a member of the global network of International Business Law Analyst
3. Get notified about the international business law and corporate law jobs in your inbox
4. Be informed promptly of latest case law and doctrinal developments in the International Business Law domain.
